Obligations of scholarship recipients

All scholarship recipients commit themselves to participating in the programme with a high level of dedication and excellence. Additionally, scholarship recipients are required to carry out an academic or administrative project while at EADA. This project can be assigned at any time during the academic year to which the scholarship has been applied, and recipients who chose not to do the project will be required to return the full amount of the scholarship. In submitting the application, candidates agree to the terms and conditions described here.

Payment of scholarship

EADA scholarships and discounts do not stack; candidates who receive multiple awards will automatically be awarded the scholarship or discount with the highest value. All scholarships will be applied to the final payments of the programme.

Special cancellation conditions

Special enrolment cancellation conditions apply to scholarship applicants. Unsuccessful scholarship applicants who cancel their enrolment within 10 working days of not being awarded the scholarship will be refunded all the payment(s) made towards the programme minus an administrative fee of 300€. After 10 working days, the normal cancellation conditions will apply.
