

EADA SCHOLARSHIP APPLICATION

EADA awards scholarships to outstanding candidates who demonstrate the potential for superior performance in the programme. Scholarships are merit-based and cover between 10% and 25% of the programme fee (except for the Scholarship for Excellence, which covers between 10% and 35% of the fee, and the MBA Diversity Scholarship up to 40%).

Eligibility and conditions

- Only candidates who have successfully completed the admission process are eligible to apply. We encourage candidates to prepare their scholarship application as early as possible. Please note that the scholarship applications are every month. For this reason, many candidates choose to start preparing their scholarship application before actually being admitted.
- To accept a scholarship, candidates are required to enrol in their chosen Master's/MBA programme within 10 days of being awarded the scholarship.
- Candidates can apply to a maximum of two EADA scholarships, although they will receive a maximum of one award.
- Scholarships and discounts do not stack; candidates who receive multiple awards will be automatically awarded the scholarship or discount with the highest value.
- Acceptance of the scholarship entails participation in an academic or administrative project proposed by EADA during the academic year, with each project involving a maximum commitment of 100 hours.

Deadlines

There are several scholarship deadlines each year. We encourage you to apply as soon as possible to increase your chances of receiving a scholarship. The required documentation must be received via email (scholarships@eada.edu) by the corresponding deadline.

Keep in mind that scholarships are subject to availability and especially in the later deadlines, certain scholarships may have been awarded previously.

Results

EADA will notify candidates of the results via e-mail within 2 weeks of the corresponding deadline.

Payment of scholarship

EADA scholarships and discounts do not stack; candidates who receive multiple awards will automatically be awarded the scholarship or discount with the highest value. All scholarships will be applied to the final payments of the programme.
